LISC Twin Cities
Helping people and places prosper

Strategic Framework Summary

2013-2015

vision

We envision a region where all residents, regardless of geographic location or community of origin:

- live in quality homes that are affordable
- can work and have opportunities to build assets
- are able to buy their necessities in strong local marketplaces
- attend effective schools
- are safe and healthy
- have access to vibrant arts, recreation programs and usable open space
- are engaged in civic discourse and policy decisions that affect their daily lives

commitment

We will invest and leverage $30 MM (grants/loans) over the next three years to build sustainable communities.

how we work

Twin Cities LISC uses a comprehensive and community-driven approach in which it leads, coordinates, and collaborates with a network of public, private and community-based partners from many sectors.

Twin Cities LISC is a hybrid between lender, grant-maker and management consultant firm.

We have a long history of success at leveraging funds. For every local dollar invested in Twin Cities LISC, we're able to invest an additional $10 in Twin Cities neighborhoods.

values

Authenticity. Interdependence. Racial Equity. Learning

mission

The Local Initiatives Support Corporation (LISC) is dedicated to helping community residents transform neighborhoods into healthy and sustainable communities of choice and opportunity – good places to live, work, do business and raise children.
